OBJECTIVE

Highly motivated 3rd-year Computer Science and Engineering student with strong programming, data structures, and algorithm skills. Eager to contribute to innovative projects and gain hands-on experience by learning from industry leaders through an internship or job opportunity.

EDUCATION

B. Tech in CSE, Balaji Institution of Technology and Science   Expected-2026

CGPA: 8.58/10

Intermediate (MPC), Narayana Junior College

Percentage: 86%   2020 - 2022

SKILLS

Programming Language	Java
Web Development	HTML, CSS, JavaScript
Data Base	MySQL
Academic Courses	Data Structures, Operating Systems, Computer Networks, DBMS, OOPS.

EXPERIENCE

Codsoft | Web Development Inter | Remote   **Feb 2025 – Mar 2025**

- Successfully completed a 4-week virtual internship in Web Development.
- Built and contributed to real-world projects and tasks, showcasing strong front-end development skills.
- Gained hands-on experience with HTML, CSS, JavaScript, and responsive design principles.
- Received excellent feedback for performance and contribution throughout the internship.

Brainwave Matrix Solutions | Java Programming Intern | Remote   **Feb 2025 – Mar 2025**

- Successfully completed a 1-month internship focused on Java programming.
- Took ownership of challenging tasks, offering innovative solutions and contributing valuable insights beyond assigned responsibilities.
- Demonstrated strong problem-solving skills, adaptability to new challenges, and a commitment to learning.
- Recognized for exceptional performance and professionalism with an official Letter of Recommendation from the Program Manager.

PROJECTS

Budget Management

Developed a full-featured web application to efficiently manage personal and administrative budgets. The system includes secure user authentication, allowing users to register, log in, and manage their income and expenses through an intuitive, dashboard-based interface. Designed and implemented responsive UI pages for a smooth user experience across devices. Integrated SQL-based database functionality to ensure persistent storage and retrieval of user data. Additional features include a password recovery system and an admin control panel for overseeing and managing user accounts, enhancing overall functionality and security.

Certifications

- **Coursera**- Fundamentals of Java
- **Cisco**- Python and Cyber Security
- **SimpliLearn**- DevOps Tools
- **V!**- Full Stack Web Development
